

sage 100 Contractor

FIELDFLO connects with Sage 100 Contractor for seamless integration between your Sage 100 Contractor software and FIELDFLO's mobile platform.

Projects

Create Projects in Sage 100 Contractor and view and manage them in FIELDFLO. Changes in Sage are automatically updated to your FIELDFLO Projects.

Cost Codes

Add new Cost Codes in Sage and efficiently use them in FIELDFLO to track Project costs and time.

Employees

Sync essential Employee information from Sage 100 Contractor into FIELDFLO. Use FIELDFLO to manage user access and other key mobility features.

Equipment

Manage Sage 100 Contractor Equipment Management in FIELDFLO to track important equipment related usage, location and availability.

Time Entry

Input Time to Projects in FIELDFLO and track labor costs. FIELDFLO Time Entry is saved and synchronized to Sage 100 Contractor on demand, when you are ready to process payroll. Includes validation and audit reporting to ensure accuracy.

Features

View and manage Sage 100 Contractor data inside FIELDFLO
